

The Self-Advocacy Association of
New York State

(SANYS)

Personal Protective Equipment
(PPE) Information

We know people have had a hard
time finding **PPE** like gloves and
masks

SANYS is advocating with
OPWDD to make sure we all get
the **PPE** we need

We know it has been very difficult
for people to make sure they have
what they need

Here is some information we have learned about getting **PPE**

If you live in a group home or certified residence OR if you have staff hired by providers...

...the provider agency should give **PPE** to you and your staff

If you hire your own staff...

...you should work with your Fiscal Intermediary to get **PPE**

Office for
People With
Developmental
Disabilities

If your **FI** or provider agency cannot get **PPE**, let **OPWDD** know through your **DDRO** (Developmental Disabilities Regional Office)
